

# MFC-J6920DW

INTRODUCING THE MFC-J6920DW -  
PRODUCTIVITY SOLUTIONS FOR  
YOUR BUSINESS

WELCOME TO PRINT 3.0

## MFC-J6920DW Technical Specifications

As part of the Print 3.0 range the MFC-J6920DW is designed to keep up with any busy office environment. With enhanced paper capacity of up to 500 sheets and high yield ink cartridges it can keep up with your print demands without the need to refill frequently.

Manage your documents effectively. The 2-sided scanner allows you to scan both sides of the page, making it even easier to archive your documents. Print 3.0 allows you to be more connected than ever before. Scan across your existing wired or wireless network, or print directly from your mobile devices with AirPrint, Google Cloud Print™ or Brother's Print&Scan app with NFC connectivity, making it easier to store your printer across multiple users.

You can also connect to your online accounts from your machine allowing you to print from or scan directly to Box, Dropbox, EVERNOTE®, Facebook, FLICKR®, Google Drive™, Picasa™, and SkyDrive™ without the need for a PC.

Use the 9.3cm LCD touchscreen to access the easy to use menu system and range of user-friendly, time-saving functions including scan to USB, email or FTP server and preview fax messages.

The MFC-J6920DW complies with the ENERGY STAR and the German Blue Angel environmental standard, ensuring low energy consumption, low noise levels and a recycle-friendly design.

## INTRODUCING

# THE MFC-J6920DW PRODUCTIVITY SOLUTIONS FOR YOUR BUSINESS

The MFC-J6920DW is more than a printer. It's an intelligent, cloud connected device that will change the way you work. It can help your team work faster, smarter and more collaboratively by getting the right information to the right place at the right time. Welcome to a new age of printing.

WELCOME TO **PRINT 3.0.**

### Mobile

Agility is key in the modern business. Our range of mobile print and scan solutions will enable your workforce to print and scan whenever, wherever. Our mobile print and scan app works across a number of platforms including Apple, Microsoft and Android and the inclusion of NFC (near field communication) means you can print faster than ever by simply holding your device to the NFC sensor.

### Work Smarter

The cloud connected MFC-J6920DW makes collaboration quick and easy. Scan directly to a number of cloud services such as Dropbox and Evernote™ and have paper based content digitised and available in seconds to share with your team in a variety of formats including .pdf, .ppix and .docx.

### Get Noticed

Create the impact your business deserves with high quality 2-sided printing at up to A3 sizes. The MFC-J6920DW is also A3 scan ready so you can capture large prints and create copies of double pagged A4 sized magazines quickly and easily.

### Reduced Costs

As well as utilising XL Ink cartridges capable of printing up to 2400 black and 1200 colour prints, the MFC-J6920DW also includes a number of cost saving features such as 2-sided printing and Ink Save mode which can significantly reduce your ink consumption.

### Save Time

The MFC-J6920DW is packed with a range of productivity solutions to make your business more efficient. Super quick print and scan speeds combined with the 2-sided automatic document feeder help to digitise and share important information quickly and easily.

### Key facts

- 22ipm mono and 20ipm colour print speeds
- 2-sided Print/Scan/Copy/Fax at up to A3 paper sizes
- 35 sheet Automatic Document Feeder
- 9.3cm touchscreen LCD
- Wi-Fi & Ethernet network as standard
- Mobile print & scan app
- 500 sheet paper capacity
- Optional 2400 page black and 1200 page colour XL Ink cartridges

### The Brother Advantage

Introducing Brother Apps & Solutions. The smarter way to manage your paper based content.

### Scan to Office

An intelligent feature that allows you to scan a hard copy document, which is then converted into a Microsoft Office file with editable text and images.

### Scan to Email

Scan a document direct to an email address from the touchscreen with ease.

### Outline Copy

Allows you to circle the content you require in red and the device will copy and print just the selected area.

### Outline Scan

Allows you to circle the content you require in red and the device will scan just the selected area for instant impact.
